# Kitchen / 厨房

Every **Warm Moment**  
starts from here

## Aluminium Kitchen Cabinet

- **Upper Left**  
Aluminium drawers with generous and smooth-gliding motion - even for heavy items.
- **Upper Right**  
Seasoning drawer located below stove area keeps your seasoning bottles organized and within reach.
- **Bottom**  
Cabinet and frames in natural anodized finish with glass panel. An immaculate combination of white and brown gives an urban modern look to the kitchen.

# Aluminium Kitchen Cabinet

## Truly Aluminium with Style

**100%** Perfection is much an enjoyment – for us and your family. Other than those indispensable ornaments our kitchen cabinet is almost equipped with 100% aluminium – an innovative material that gives kitchen cabinet a new breath of life.

Not to mention its durability and hassle-free maintenance (no risk of rust, rots and termites), aluminium lends a sense of sleekness, versatility and stylishness to your kitchen, establishing a style statement for your personality.

• **Left**  
The kitchen island becomes an elegant communicative link between the family members, simultaneously serving up maximum practicality.

• **Bottom**  
Taking the storage capacity to a greater height, tall unit incorporated with multi-level pull-out storage unit enables optimum use of cabinet space and maximum user comfort.

# Smart Solution for a multi-functional Kitchen

An ergonomically planned kitchen actually makes a big difference day after day. A good kitchen design means being able to create space and incorporating ample storage facilities to fit in all the necessary appliances, even in the smallest kitchen. Thoughtful organization of workspaces will facilitate helping hands and incorporation of state-of-the-art accessories and fittings will further enhance the functional purpose, which

help make cooking a celebration.

Make your kitchen work for you with thoughtful kitchen solutions. You can build in or add on to match your kitchen and your love of cooking. Everything is designed around you, to imbue with the way you cook, the way you move about and the way you live.

## Aluminium Kitchen Cabinet

### • Upper Right

Lift-up system enables door fronts to stop at desired position, providing easy access to the interior of wall cabinet.

### • Lower Right

Corner cabinet storage solutions utilize the corner space maximally; allowing your pans and pots be optimally reached and seen with clear overview.

# Aluminium Kitchen Cabinet

## Make kitchen the HEART of your Home

A kitchen offers a world of possibilities. It is a little world here where every warm thought is felt. It can be the perfect place to gather with family and friends, strengthening relationships and emotion sharing over warm meals and pleasant conversations.

Make kitchen the Heart of your home. Just as plant gravitates to sunlight, your kitchen now draws and ultimately grows the affection of your family.

## A kitchen at ease

**Durable** and versatile in a tailor-made style, our kitchen solution offers an inspiring perspective with an enhancement of functionality and maximum user comfort – simply a place to accommodate everyone in your family. It is so much more than just a room for cooking.

### • Lower Left

Inset drawer discreetly keeps your cutlery and cooking utensils uncluttered, and easily within reach whenever you need.

### • Lower Right

Drawer organizers can be incorporated into drawers of any sizes and the adjustable dividers make up compartments of different sizes, according to your own storage needs.

# Doors / 門

## Protect your family at all times

## High Performance Sliding Door

### Sustainable as it always is

The doors and windows perform as a father's arm to protect the family from rain and shine, providing a secured and comfortable living environment.

Taking the door capacity to a greater height up to 10 feet, the high performance sliding door features aluminium frames and top-of-the-range mechanism so that they can have a more solid appearance.

### • Bottom

Extruded aluminium rolling track and heavy-duty rollers system ensure smooth operation.

# Fine Functionality for Quality living

## High Performance Sliding Door

**Be** it the main entrance into the house, or doorway to the garden terrace, our high performance door series is practical in use and elegant in look.

The aesthetic design definitely gives a facelift to your house exterior, and you will be surprised with what's more it has to enhance your life...

- **Left**

Our multi-point locking system and other special features provide better security and durability, offering you a peace of mind.

- **Right**

The linear styling of multi-panels high performance sliding door offers fascinating aesthetic appeal to your home. The high quality sliding engineering and fittings enable low air infiltration and simultaneously providing an excellent acoustic solution.

# High Performance Folding Door

**Earning** for an extra breathing space? Folding the outside in and allows no barrier between you and the great outdoor to enjoy the unobstructed view, natural light and soothing breeze. The quality folding system gives you the flexibility to open up some or all of door panels to desired scale, seamlessly blending outdoors with indoors making the most of your available space.

Quality door hardware and fittings combined with durable maintenance-free aluminium strengthens the durability.

## Windows / 窗

The **eyes** for a house  
the **SOUL** of your Home

# Home for your **Children** to grow – **Safe and Sound**

**Our** sash window features a combination of sleek design framework with quality materials, functional mechanisms and hardware as well as freedom of design and configurations, work in synchronization for a home in harmony.

Complimented with aluminium frames and hinges, our sash windows are equipped with multi-point locking system that facilitate better security. Incorporated with quality perimeter gasket and screening options, the weatherproofing and sound insulation effects are further enhanced, giving an ideal space for children to grow, safe and sound.

## • Bottom

Windows with extended height are great for creating a sense of size, letting you create a broad expanse of glass that makes the most of natural surroundings.

## Sash Window

**Decide** the height and width of your sash window and it will be tailor-made for you. The specifications of glass with particular function and thickness (up to 10.38mm thick) are available for your desired configurations. A multi-point locking system is used for extra security. The integration of reinforced profiles with strength and durability with all components of high quality offer residents a peace of mind at home.

## • Bottom

An asset of timeless elegance with contemporary taste epitomizes your way of living.

**Liberal** use of aluminium and glass accentuates the external structure and internal spaces in a modernist approach that celebrates unadorned surfaces and straight lines.

The crisp clean lines of aluminium capture just the right look or feeling.

**Extensive** use of glass gives a clear and unobstructed view to the surroundings that offers a new perspective in modern lifestyle and sets upon the freedom on your mind.

## Sash Window

# Shelter • Protection • Privacy

## Shelter under a Linear Craft

Recreate and extend the comfort of your living room on your deck or balcony, a pergola provides you with freedom, no matter what the weather is. Our modern pergola with reinforced aluminium structure offers a stylish way to provide shade and shelter to protect your guest and family from sun and rain – whilst still enjoying the fresh air.

## Pergola & Sun Louvres

### • Upper Right & Lower Right

High transparency glass roofing provides shading to the people and property from direct sun exposure, without obstructing the natural light flowing in to lighten up the area.

### • Upper Left & Lower Left

A structure of high porosity in the form of louvres enables a wide view outward while achieving a high degree of side and rear privacy from neighbours.

**Symbolized** as the eyes for a house, doors and windows serve as the soul of your home.

We understand your insistence on the protection to your family. We see it the same way towards our quality.

# Aluminium Doors & Windows

# Clear alternative for Safety and Beauty

**Glass** fence and railing are stylish and versatile – opening up decked areas to natural light and views, or giving indoor environments such as staircases a contemporary look. We provide frameless glass fencing and railing that maximize the visual appeal of your house facades without compromising on safety and practicality.

• **Top**  
Embedded frameless glass railings with proper structural integrity ensures safe attachment, even without physical supports of posts, clips or brackets

• **Bottom**  
A staircase make-over with an elegant and stylish glass railing that adds a personal touch to your interior

## Glass Fence & Railing

**Glass** fence sets the trend of the future in modern households as it enhances the sensory view of a house without any obstacles. The use of glass enhances the overall visual effect at night with the lighting which creates an irresistible peaceful sanctuary.

- Enhanced strength and safety with 15mm safe tempered glass

# Gateway to Living

**Linear** design keeps the look of the gate and fence simple with style that blends in with most architectural concept, adding a strong and contemporary touch.

- **Top**

Using light-weight aluminium extrusion bars for gate, which means less pressure onto the hinges or rollers system, thus prolonging the lifespan.

- **Bottom**

Aluminium fence maintains the original colour and grandeur in spite of the weathering effect of sun and rain.

**Set** aside the function as a structure for your home protection, our aluminium gate, fence and grille series offer the aesthetic look, which is the key element associated with lifestyle living.

For those who likes to get back in touch with nature, the aluminium frame can be beautifully coated in timber effect finish to give a warm and natural look of wood, yet effortlessly does away with the problems and worries.

- **Bottom**

The grille comes in different height to form fit the shape and dimension of the doors and windows.

## Aluminium Gate Fence & Grille

Room / 卧室

A **Peace** of mind  
with **devotion and love**

Be **organized** – It's  
more of a **concept**

Wardrobe &  
Walk-In Closet

**Most flexible storage  
concept**

Your home should be where you and your family can relax far from the rest of the world. This is why your home should be neat, organized and stressed-free. A custom-designed closet can be a beautifully organized area to use for everyone in your family and the space of intimacy and sharing.

• **Right**

Illuminated glass box shelves provide a stylish lighting solution, and can be used for multiple purposes.

# Full of Flexibility – Tailored for you

**Truly** the most flexible storage concept - the optimal solution when you want to synergize changing room, closet and make-up station into one, this walk-in closet presents a totally unique concept in wardrobe management.

It is a tailor-made and personalized design for your personal needs, and flexibility allows the system to change as your needs do.

- **Upper Left**

An in-line sliding wardrobe door paneling to conceal your private area to dress up or make-up

- **Upper Right**

Free standing drawer unit - convenient for storage of personal garments, socks, etc

- **Lower Right**

Combination of aluminium posts, drawers shelves and your creativity

- **Lower Left**

Aluminium shelving panels fit in the corner space – allowing more space for your shoes and dressing accessories

## Bathroom / 浴室

Sensation of  
**comfort** and **pleasure**

## Frameless Shower Glass Door

## Shower Screen & Enclosure

**Relaxed, Refreshed and Renewed.**

Bath is a private space in the home where we can revive the idea of original contact with the nature and get back to the basics of life.

10mm safe tempered glass panel with aluminium reinforcement bar and stainless steel handle set.

# Embrace your true self

**Available** in either L-shape or wall-to-wall attachment, we take into consideration both the aesthetic and safety features for all our shower enclosures or screens.

• **Upper Right & Middle Right**  
Sliding shower enclosure that is available in L-shape or in-line design, features suspended chrome frame complimented with stainless steel door knobs

8mm safe tempered glass

• **Lower Right**  
Framed shower screen cast in powder-coated aluminium frame, integrated with towel and handle bars

4mm safe tempered glass

## Shower Screen & Enclosure

• Glass panels in the bathroom maintain the sense of space and light while partitioning the wet and dry areas effectively.

## Bathroom / 浴室

## Sanctuary of **intimacy** and **family sharing**

## Make a space for **Style**

### Vanity Cabinet

**The** smart combination of cabinets and fittings that suit your space, stuff and family is essential for small space like bathroom or toilet. However, choosing the right material is what makes your settings last, in a high humidity space. Vanity cabinet cast in aluminium will definitely do away worries of rust and corrosion.

• **Bottom**  
Cantilevered from the wall, the vanity cabinet has a contemporary look. It can be installed inside or outside the bathroom.

Combination of base and tall storage unit brings your toiletries, cosmetics and other articles in good order.

# All in its place

## Vanity Cabinet Shoe Cabinet

**Immaculately** designed to optimize the use of space, the wall-hung shoe cabinet is installed above the floor to ensure easier house cleaning.

Ventilation panels discreetly incorporated at sides and base of cabinet to drain off odour.

# Sweet Dream with Magnetic Insect Screen

Keep pests out and let the fresh air in. The flexible screen adheres to your windows or doors with our magnetic sealing system, providing a comfortable place for your children to grow healthily.
